

Charlie's Soap Indoor/Outdoor Surface Cleaner

Charlie's Soap Indoor/Outdoor Surface cleaner is a highly concentrated cleaner, specially designed for your biggest and toughest jobs. Whether your challenge is scrubbing a greasy garage floor, pressure washing your siding or just getting stains out of your outdoor furniture, Indoor/Outdoor will get it clean. What's more, like all Charlie's Soap products, Indoor/Outdoor is safe for the environment, non-toxic and certified biodegradable!

- Safe for all washable surfaces: cars, boats, bikes, driveways, siding, walls, pets, hands, engines, furniture, grills and more.
- Hypoallergenic for those with sensitive skin. No gloves necessary.
- Non-toxic and completely biodegradable.
- Perfect for cleaning grease, blood, red clay, mildew stains, pet stains, food stains, pine sap and poop.
- Contains all natural washing soda and coconut oil based detergents.
- Contains no harsh abrasives, lye, phosphates, bleach, dyes or cheap perfume

How to best use Indoor/Outdoor Surface Cleaner:

- Apply Indoor/Outdoor directly on surface to be cleaned.
- Allow it a bit of time to safely break the bonds between the soil and the surface. Charlie's Soap was made to gently remove dirt, not blast it off.
- Gently scrub and rinse thoroughly with lots of running water.
- Repeat if necessary.

Charlie's Soap Indoor/Outdoor Surface Cleaner can also be diluted with water for lighter cleaning jobs. Don't miss out on using this fantastic cleaner and the chance to save money while protecting the environment. Check our website for tips on specific cleaning examples. And remember, Charlie's Soap will always be:

Green. Clean. Guaranteed.
