- Thank you so much! I have put the All-Purpose in each bathroom and I am clearing out the bottles of chemicals. I am loving my laundry powder! I ran out a few weeks ago and hadn't taken the time to reorder. Well, my laundry started to get that "smell" again, which I assume is the detergent left over on my clothes and especially my towels. I have been rewashing clothes and towels for two days now and everything is back to normal! Yay! I used to love the smell of Tide, but now I realize that my clothes actually smell good with no added scent. Clean cotton smells like clean cotton....amazing. Thanks again! -- Wendi from GA (09/21/07)
- This stuff works great on my cloth diapers: no residue, no perfumes, no anything, just CLEAN. Thanks for the wonderful product! – Tracye from NJ (09/19/07)

- We use your Charlie's Soap with our brand new baby's cloth diapers (and all of our clothes, bedding, etc). We absolutely love it- combine the spray with the washing powder and stains come out all the way. Nothing else compares with it! We love how hypo-allergenic it is and it leaves nothing behind.... thank goodness! I feel like my whole house is cleaner with your

- stuff (and I'm not much of a housekeeper with a 2 month old baby)! We also use the soap in the bottom of the diaper pail, diluted to clean the stains on the carpet, stain remover on the sink and a great, non-toxic mildew remover! – Laurel from KS (8/7/7)

 - We LOVE your products. As soon as my 5 gallons of laundry powder run out I will be buying another 5 gallons. But that shouldn't be for at least 6 more months, and that's with me washing clothes of a toddler, newborn, two stinky parents, diapers, and giving some to my mom weekly. thank you for making such a great product :) – Tiffany from OR (07/01/2007)

- I'll admit it; I strayed. I had bought this big tub last year and when I was finished I thought, why not try Method or Arm and Hammer? They now have all natural lines. Immediately, clothes came out with stains still on them. Even washing them twice did not help. Sorry for my infidelity, can I come back? – Jill from CA (3/13/07)
- I just called and asked a question about washing diapers, and even though the gentleman who answered has probably answered the same questions a MILLION times he was incredibly polite and helpful. - Desperately trying to clean aphid 'honeydew' that had dripped off houseplants onto an old linoleum floor already covered with Carolina red

clay. What a mess. I thought I'd have to scrub forever. But I tried some Charlie's Soap my dad had bought 10 years ago. Wow! [I have] got to have more.

- I heard your advertisement on hay house radio and it reminded me to order your product.

- I am glad I found you in the TreeHugger e-mail. I have been looking for a new laundry detergent. I have two dig dogs who like to sleep on my white (great thinking) bedspread...
- My teenage son works in a feed store and his socks look like they came out of a lake bottom. Today I pulled a trash bag full of month-old grunge out of his closet. I was contemplating enzyme cleaners and oxygen bleach when about the same time the Fed-ex truck pulled into the driveway with a delivery. It was this tiny little box from Sutherland Products. I couldn't believe this was the laundry detergent I ordered online. I thought it would take this much just to clean this one load of socks. I laughed and thought, "NO WAY"; so I put it to the test. I put that tiny little ONE TBSP of detergent in my new front loader and shut the door. Right now there is a basket of miracle socks in my living room. They are clean! My son cannot believe it. My husband says, "What do they have to get this fish smell out of my hands?" I told him I have the all-purpose cleaner (in the little bitty bottle) and he should try it before he starts... Leanne
- This product is AWESOME!! [It is] so very economical and yet effective.
- I am buying this for my mother, whom I finally converted to using Charlie's Soap, the best cleaner and laundry powder ever!
- Great product! I'm out here in sunny California due to Uncle Sam. We're a military family. Hubby is in the army, but we hail from Kannapolis, NC, just above charlotte and just south of Salisbury...cotton mill town...Cannon towels and sheets: used to be...it's now closed :(... Anyway, I've gotten my sister-in-law who currently lives in Boise, Idaho hooked on Charlie's

Soap as well as my mother-in-law :-)) I love the way it cleans, and I really love the way clean smells.....thanks!

- This may not fall under the right “category” but I'm sure you will respond. I have used “Charlie's” and I found it to be the VERY BEST hand cleaner ever. I'm 66, and have used many hand cleaners in my lifetime, and I would only use Charlie's, if I could find where to buy it again. – Jim from Toronto.
- I have gone through the first bag and it, indeed, is the best soap I have ever used. Cleaned the comforter of old stains and even takes the dog smell out of the dog blankets with no perfume. I'm sold. Thanks much. Yolanda

- Your Charlie's Soap was mentioned in an article in the Fort Worth Star Telegram a couple of weeks ago. It mentioned it was great for cleaning grout, so I thought what the heck, I'll order some.
- Wow! They were right! It cleans grout with very little elbow grease. I have pets, so I like the non-toxic aspect, too. I used to use Zap, and worried about residue getting on their paws. I'm looking forward to trying it on other things, too!
- I will definitely be a repeat customer! – Barbara from Texas
- I just wanted to let you know that I got the cleaner and it worked great! I used up all of the all purpose cleaner in one day talking horrible stains out of my carpet, and they are all gone! I'm so impressed and will be referring people all the time.

- I came across this soap by accident and my sister highly recommended it, so I bought it. I washed my old dog, a Peke (14.5 years) because it said it was safe and her skin is beginning to look better already. I like the way my clothes feel and I don't itch anymore!!! Great product. Thanks for the follow up.

- We just received our second package of Charlie's Soap powder. We reordered because our adopted daughter is Asian, and has very sensitive skin. We discovered that Charlie's doesn't break her out or aggravate her eczema problem, and so we were sold on it.
- This time, I added a bottle of the liquid cleanser on a whim. I want you to know that my wife just walked in the room holding an article of previously-stained clothing before her, and proclaimed "I just want to state officially that Charlie's kicks Oxi-Clean's butt!"
- Nice job, folks!
- Thanks for a wonderful product - without the itches! – Mary from KY

- I love your product! I was getting ready to donate some clothes to charity. I had 2 wool skirts that I hadn't worn in years, so for kicks I wanted to see what "Charlie's Soap" would do to wool. Those skirts came out better than any dry cleaner, and they are back in my closet now to be worn again! I was a dedicated Tide user, but now I won't go back after seeing the results on everything with your soap! – Shery from CA
- My daughter bought Charlie's soap first, washes her diapers and the rest of her laundry with it. I ran out of my regular detergent, so I borrowed some of hers, and fell in LOVE. Your product is amazing, it's the only thing that takes the urine smell out of my sons bedding. THANK YOU so much for making such a wonderful product. – Carole from OR
- Absolutely fabulous! We won't use anything else! – Sally in TN
- Also, your laundry detergent is by far the best I've ever used. I ran out today and had to use the kind I used to use before. When I put on the sweatshirt I had just washed and dried, I could hardly stand to wear it ...the smell of detergent was so strong. Please send me your detergent as fast as possible so I don't have to walk around with a clothespin on my nose. – Mary from RI

about you years ago. From now on, everyone I know who washes clothes will know about your products. – Tacy from PA

- Looks like they added a special self cleaning cycle to the latest version of the LG tromm washers. That would indicate there is a problem of build up with the previous version which we own. Fortunately, due to Charlie's Soap we have no need for that feature because we have zero build up! – Greg from NV
